Note: UH Community Colleges migrated to a new student information system (Banner) in Fall 2002.

1/ Drop in acceptance rates may be an anomaly due to the initial migration from the UH Community College legacy student information systems to Banner.

2/ Drop in number of applications may be due to a change in business practice and policy. With the migration to Banner, applicants need only apply to one community college campus. In addition, acceptance at one of the community college campuses means a student may attend any community college campus.

3/ With the migration to Banner, applications decisions previously not reported are now available. Therefore, effective Fall 2003, applications with decisions other than accepted are being reported
