THE UNIVERSITY OF HAWAIʻI AT MĀNOA
HEADCOUNT ENROLLMENT, FALL 2007

Headcount enrollment at the University of Hawaiʻi at Mānoa measured 20,051 for Fall 2007, a slight decrease over Fall 2006 (Table 2 and Figures 1 & 2). Full-Time Equivalent (FTE) enrollment decreased 1.1%, to 16,035 (Table 3).

The School of Social Work had the largest enrollment percentage increase of any college / school, at 12.7% in Fall 2007 (Table 5), followed by Nursing & Dental Hygiene (9.6%) and Ocean & Earth Science & Technology (7.5%). The creation of the Hawaiʻinuiakea School of Hawaiian Knowledge resulted in a reorganization that affected enrollments in the Colleges of Arts & Sciences (College of Social Sciences) and the School of Pacific & Asian Studies (formerly called the School of Hawaiian, Asian, and Pacific Studies).

In Fall 2003, the UH four-year campuses migrated to a new student registration system. During that process, aggregations for certain items in the report tables, such as citizenship have changed. Data for certain other items may show discontinuities due to changes in data processing. The reader is advised to exercise caution when examining trends or percentage data over time.

With the migration to a new student registration system in Fall 2003, ethnic reporting has been expanded to include additional Asian and Pacific Islander categories (Tables 4, 5 & 7). However, only new students are included in these new categories; students already enrolled are shown under the ethnic category previously selected.

Other Fall 2007 enrollment highlights:

- The rate of enrollment growth has slowed since Fall 2004 (Figure 2) and has decreased modestly since Fall 2006.

- Entering undergraduate enrollment measured 4,250 in Fall 2007 (Table 5 & Figure 7). First-Time freshmen enrollment increased 3.8% from the previous year to 1,843, while the number of transfers decreased 3.4%.

- The Hawaiian Ancestry characteristic is a new item, beginning in Fall 2005. Students were asked on the application to indicate Hawaiian ancestry. The figures given in Table 4 and Table 5 show the aggregate number of students who indicated “Yes” to Hawaiian ancestry or who selected Hawaiian ethnicity. The total for the campus measured 11.8% of total enrollment, 12.7% of undergraduate enrollment.

- The percentage of male students increased slightly since Fall 2004, to 44.1% of enrollment (Table 5 & Figure 3). The percentage of students enrolled full-time is steady at 71% (Figure 4). The mean age of students also held steady at 25 years while the number of students 60 years and over increased 19.4% from Fall 2006. The UH Mānoa student body is ethnically diverse and continues to diversify (Figure 10).

1/ The creation of the Hawai‘inuiakea School of Hawaiian Knowledge was approved by the UH Board of Regents in May 2007, effective July 1, 2007.
2/ Previously called the School of Hawaiian, Asian and Pacific Studies; name change approved by UH Board of Regents in May 2007 effective July 1, 2007.
3/ Excludes Law pre-admits and special non-degree seeking (SPNDs) graduate students. SPNDs have a unique coding structure and are reported in this table as unclassified graduates under the respective College / Schools (org structure). This unique coding structure produces inconsistencies in reporting between tables of this report.
4/ Students whose Primary campus, as identified in Banner / ODS, is not UH Mānoa.
5/ Includes U.S. Possessions, Commonwealths and republics within the Compact of Free Association.
6/ Revised Institutional Exempt code assigned to students from the Pacific Islands who come from nations where there are no four-year institutions of higher education, effective Fall 2007. Students are charged 150% of resident tuition.
7/ Students home-based at Manoa pay 150% resident tuition.
8/ New residency code for Hawai‘i National Guard reservists, effective Spring 2007; students pay resident tuition.
9/ New field, effective Fall 2006. Non-citizens line item is the new source for the non-resident alien count, as reported to IPEDS (replaces visa status). The citizenship type field in IRO_Base is more reliable than the visa type field when identifying U.S. citizens and non-U.S. citizens.
10/ U.S. Citizens includes persons born in the 50 States, naturalized citizens, and persons born in Guam, Puerto Rico, the Virgin Islands and the Commonwealth of the Northern Marianas (after 1986).
11/ U.S. Nationals includes American Samoa and Swains Island. CFAS Citizens includes the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau.
12/ Full-Time undergraduate students are those taking 12 or more semester hours; full-time graduate students are those taking 8 or more semester hours.
13/ Breakout by previous college not available from Fall 2005.
14/ New item added to the UH Common Application form in Fall 2005. Shows sum of all those who indicated Hawaiian ancestry plus those who either did not answer the question or answered in the negative but who indicated Hawaiian ethnicity.
15/ With migration to new registration system, ethnic categories have been expanded. However, students already enrolled prior to the change are reported under ethnic category previously selected.
16/ Mixed Asian Pacific Islander category was renamed Mixed Asian as a result of the migration to banner in Fall 2003. Therefore, as of Fall 2006 Mixed Asian and Pacific Islander will no longer be reported as a separate line item.
