UNIVERSITY OF HAWAI‘I
Change of Home Institution Form

All students accepted or enrolled in the University of Hawai‘i system have a Home Institution. The home institution should be the school from which the student is seeking a degree, and it is where the student may apply for financial aid or veteran education benefits.

DO NOT use this form if you want your new Home Institution to be UH Mānoa, UH Hilo, or UH West O‘ahu.

If you are already accepted or enrolled and you want to change your Home Institution, complete this form and submit it to the Admissions/Records office of your new Home Institution. To participate in early registration at your Home Institution, submit this form by April 1 for Summer/Fall registration and November 1 for Spring registration. Check with your new Home Institution for any additional admissions requirements, deadline dates (especially for restricted admissions majors), and effective term policy.

Be sure your mailing address and/or phone number is current. Log on to MyUH to update your mailing address and/or phone number or go to your new Home Institution webpage to download the appropriate change form.

Both tuberculosis (TB) and Measles, Mumps, and Rubella (MMR) health clearances are required of all students prior to registration.

NAME
Print Last Name, First Name, MI
