AiM DESC	AiM TABLE	PRIMARY DATA	PROCESS	Example	ID	DESC	NOTES/COMMENTS	ORS A1s (KH)	
Employee ID	ae h emp e.shop perso				-			Need UH Number	
First Name	ae_h_emp_e.fname	IMS					A1. Does IMS string names	Need First Middle Last	
Middle Initial	ae_h_emp_e.mi	IMS					A1.		
Last Name	ae h emp e.lname	IMS					A1.		
Other User ID(1)	ae h emp e.user id	0					A1. Currently using as campus	Would like UH username for data entry purposes; this might	
Time Type	ae_h_emp_e.time_type	PeopleSoft					The same of the sa	The same are a second and a second a second and a second	
Labor Class(2)	ae_h_emp_e.labor_class							Need this to identify high level categories for F&A space survey: faculty, staff, GA, postdoc, undergrad assist, emeritus, other (e.g., visiting scientists); RCUH to be considered staff unless noncomp faculty, GA, postdoc, or undergrad assist. Not sure how to handle other affiliates like UHF or UCERA (Other?).	This could potentially be handled using the Employee Role.Subrole @ Campus field. How does the F&A handle when a person is more than 1 role?
Employee Type(3)	ae_h_emp_e.emp_type	AiM					Employee or Shop Person		
Employee Role.Subrole @ Campus*	UDF	IMS					This will be a multi-value UDF formatted as such: Staff.Full-time @ MA; Student.PostDoc @ KCC; Role.Subrole @ Campus;
