OFFICE OF CAPITAL IMPROVEMENTS

FUNCTIONAL STATEMENT

Capital Improvement Projects (CIP) provides the University of Hawai'i campuses with a physical environment that supports teaching, research, and public service in keeping with the mission of the University. We believe the buildings, infrastructure, and landscapes of the campuses should reflect the excellence and diversity of the academic enterprise. Facilities provide the centerpiece around which all other educational activities exist at the University.

OFFICE OF THE DIRECTOR

Provides systemwide executive leadership, direction and control over the planning, development, implementation and integration of multi-campus capital improvement program (CIP) projects, long-range physical development plans, and associated capital improvements program budget requirements.

PHYSICAL PLANNING

Physical Planning provides comprehensive general, environmental, and project planning for major CIP. With an emphasis on the early and conceptual phase of the campusu's interest and needs, provides services that meet the academic, and student services and recreation needs while reflecting campus and community values. The Physical Planning efforts are focused on facilities, infrastructure, environmental management, recreation, and open spaces, and are conducted within the framework of the Board of Regents approved strategic plan and campus long-range development plans. Program/Project Planning provides programmatic development planning, including project definition, space requirements, preliminary cost, schedule, and phasing scenarios, and implementation.

PROJECT MANAGEMENT – DESIGN AND CONSTRUCTION

Project Management - Design and Construction provides the project management for major capital projects, which includes new construction and major renovations. Functions include the direction and leadership of project teams in the implementation and execution of CIP projects to meet objectives of the plans and developing projects within budget and on schedule. Project Management serves as the primary liaison among campus committees, user groups, architects, and contractors in all project phases from planning, programming, design, and construction through occupancy. The Project Management function also includes development of project budgets and schedules, and manages the services of architects, engineers and contractors.

ADMINISTRATION AND SUPPORT SERVICES

The Administration and Support Services provides administrative support to the director, and the Physical Planning and Project Management functions. Support services include fiscal, accounting, procurement, contract award and administration, capital budget preparation, legislative participation, and budget implementation, information/data systems, management reporting, asset management, and warranties. The Administration and Support Services directs, supports, and coordinates with campuses on the development of policies and standard operating procedures for means and methods to improve delivery, quality, and accountability in the allocation and expenditure of resources for physical facilities.
