BETWEEN
THE UNIVERSITY OF HAWAI‘I AT MĀNOA OFFICE OF IMMIGRATION SERVICES FOR INTERNATIONAL EMPLOYEES AND SCHOLARS AND
THE UNIVERSITY OF HAWAI‘I SYSTEM OFFICES
PERTAINING TO THE PROVISION OF IMMIGRATION SERVICES TO THE
UNIVERSITY OF HAWAI‘I

David McClain, President of the University of Hawai‘i System (hereafter President), Denise Konan, Interim Chancellor, University of Hawai‘i at Mānoa (hereafter Interim Chancellor), Neal Smatresk, Vice Chancellor for Academic Affairs, University of Hawai‘i at Mānoa (hereafter Vice Chancellor), John Morton, Interim Vice President for Community Colleges, Rose Tseng, Chancellor of the University of Hawai‘i at Hilo, and Gene Awakuni, Chancellor of the University of Hawai‘i at West O‘ahu, have agreed to the following with respect to providing immigration services for international employees and scholars to the ten campuses and the System offices of the University of Hawai‘i (hereafter University).

1. The reorganization of the University of Hawai‘i at Mānoa Chancellor’s Office includes the establishment of a new Office of Immigration Services for International Employees and Scholars (OIS) under the University of Hawai‘i at Mānoa Vice Chancellor for Academic Affairs with the following functional statement: “The Office of Immigration Services for International Employees and Scholars is responsible for facilitating the appointment of international employees and the sponsorship of international exchange visitors to foster the University’s full involvement in the growing globalization of higher education.”

2. OIS is committed to ensuring that immigration services are provided equitably to each campus and System office. Due to federal government filing deadlines and processing times, OIS staff shall use their professional discretion to prioritize immigration tasks to be completed by OIS for any University campus or System office.

3. Designated OIS staff members are authorized to prepare and file immigration petitions and applications on behalf of the University for international employees. Only authorized OIS staff shall sign employer-filed petitions and applications on behalf of the University.

4. OIS will serve as liaison between the University and federal agencies including, but not limited to, the U.S. Department of State, the U.S. Department of Labor, and the U.S. Department of Homeland Security on immigration matters pertaining to the University.
5. A single Exchange Visitor Program designation for the entire University System furthers the objective of ensuring compliance with U.S. Department of State (22 CFR Part 62) and U.S. Department of Homeland Security (8 CFR) regulations. The Responsible Officer (RO) of the J-1 Exchange Visitor Program for the University shall be in the OIS and the RO shall be responsible for the J-1 Program’s overall administration. OIS will administer the University’s J-1 Scholar program and the J-1 Student programs but not the J-1 Student program at Mānoa. The University President, by the authority of the University Board of Regents, and the RO, under federal regulations (22 CFR Part 62), have sole authority to sign Applications for Redesignation and/or Amendment of the J-1 Program. As part of the administration of the J-1 Program, OIS will facilitate monthly J-1 Scholar orientation sessions and conduct other J-1 orientations as required by federal regulation (22 CFR Part 62) (if travel expenses for orientation are incurred, such costs shall be paid by the requesting campus or System office). OIS staff will prepare the annual Exchange Visitor Program reports with the assistance of the Mānoa Office of International Student Services.

6. OIS will provide advising and training regarding appropriate immigration matters to the international employees and scholars, administrative and personnel officers, faculty sponsors, and department and administrative staff within the ten campuses and the System offices of the University via media including but not limited to written materials, the OIS website (currently available at http://www.hawaii.edu/oie/immigration.php), and direct communications. If travel expenses for training sessions are incurred, such costs shall be paid by the requesting campus or System office.

7. In addition to the aforementioned, OIS will provide the following services for the University:
   - Maintain a central immigration database of international employees and scholars in the University;
   - Generate internal and external statistical and narrative reports from the data;
   - Establish and update University immigration policies and procedures;
   - Prepare nonimmigrant and immigrant petitions and labor certification applications for international employees;
   - Conduct SEVIS implementation and compliance including reporting and monitoring requirements;
   - Arrange non-resident aliens tax workshops for international scholars;
   - Represent scholar interests by serving on the system-wide committee to select the official University Health insurance provider
   - Disseminate health insurance information to international scholars;
   - Maintain the foreign scholar Listserv.

8. The OIS staff is not authorized to engage in the practice of law. Advice, assistance, and services regarding or relating to immigration matters provided by OIS to any individual(s) at any University campus or System office are administrative and
procedural in nature and if legal questions arise, OIS will consult with the University Office of General Counsel, as appropriate.

The President, Interim Chancellor and Vice Chancellor recognize that the implementation of the Mānoa Chancellor's Office reorganization as approved by the Board of Regents will impact on roles, responsibilities, and relationships relating to immigration services and support. OIS continues to be committed to ensuring that immigration support and services are provided to Mānoa and the rest of the University System.

This agreement will take effect on the latest date noted below and continue until modified by mutual agreement of the parties herein.

REORGANIZATION PROPOSAL REQUEST
UNIVERSITY OF HAWAI’I
IMMIGRATION SERVICES

Executive Summary

The immigration services for international faculty, scholars, and staff, currently a component within the System Office of International Education, will be relocated to the University of Hawai‘i at Mānoa reporting to the Office of the Vice Chancellor for Academic Affairs. Immigration services currently offered to all ten campuses will continue with the changed reporting structure. The functions of the four positions to be relocated (one permanent and three temporary) will not change. In addition to the fact that the immigration services are transactional in nature, the vast majority of international faculty, scholars, and staff have their academic home at the Mānoa campus, which make the relocation of these services most appropriate. Continuation of services to all other campuses is ensured through an MOU signed by the chancellors in which the office that was identified as the Office of Immigration Services for International Employees and Scholars has been subsequently renamed Faculty and Scholar Immigration Services (FSIS).
REORGANIZATION PROPOSAL REQUEST
IMMIGRATION SERVICES

I. Present Organization
Immigration services for international faculty, scholars, and staff is currently a component within the System Office of International Education, consisting of three temporary positions and one permanent position. The Office of International Education reports to the System Vice President for Academic Planning and Policy (OVPAPP) as indicated on the University of Hawai‘i System Wide Administration Organizational Chart approved on March 15, 2007.

II. Proposed Organization
The proposed reorganization transfers the responsibility of immigration services for international faculty, scholars, and staff from the OVPAPP and the associated positions to the International and Exchange Programs Office under the Vice Chancellor for Academic Affairs at UH Mānoa. (See attached approved Office of the Vice Chancellor for Academic Affairs Organization Chart). These positions will report to an Assistant Vice Chancellor for International Education and Programs.

This reorganization from System to the Research extensive campus reflects an organizational structure commonly found in post-secondary educational institutions, while simultaneously acknowledges the needs of the other campuses within the University of Hawai‘i System.

III. Background/Reason for Proposal
Originally, all UH Mānoa international education scholar and faculty immigration functions were duties assigned to an employee in the System HR office. As the number of visiting scholars grew and more services were needed by this growing population, in 1996 these functions were transferred to the System Office of International Programs and Services (renamed Office of International Affairs and then Office of International Education). Throughout the years, more than 90% of the recipients of these services were UH Mānoa international visiting scholars or international faculty hires.

Under the leadership of President McClain, University System offices have carefully reviewed functions that currently reside at the System with the goal of transferring those which are operational in nature from the System to a campus. Such examination and relocation of services was supported by recent System accreditation reviews. Additionally, the relocation of immigration services from the System to UH Mānoa is recommended in the Review of International Programs and Services at the University of Hawai‘i at Mānoa consultants’ report (March, 2006).

The function of immigration services for international faculty, staff, and scholars would be most appropriately organized within UH Mānoa which generates over 90% of the immigration services workload. As a Research Extensive university, it is anticipated that this percentage will remain as it has for the past ten years. Primary responsibility for oversight and funding of these services should therefore reside at UH Mānoa, the campus that benefits the most from these services.
IV. Consultation:

The recommended reorganization has been discussed and agreed to by the following groups:

- System OIE employees to be affected by this move and all are in agreement.
- UH Mānoa Office of the Chancellor
- UH Mānoa Office of the Vice Chancellor for Academic Affairs
- UH Mānoa Office of International Student Services
- System International Education Steering Committee
- UH Mānoa International Education Committee
- External international education consultants
- System Council of Chancellors
- All Campus Council of Faculty Senate Chairs
- System Student Caucus
- UH Mānoa Office of Human Resources
- UH System Budget Office

V. Impact on Staffing, Resources, and Services

The immigration services staffing will remain intact. All four positions are currently filled. Two positions (Academic Support, 0081015 and Instructional and Student Support, 0081632T) are currently being funded by General funds. These funds will be transferred from the System budget to UHM. Two temporary positions (Academic Support, 0077796T and Instructional and Student Support, 0077664T) are funded by System RTRF funds. The IEPO will seek to make these positions permanent once the reorganization to Mānoa is complete. These System RTRF funds will continue until FY 2008 at which time UHM will assume responsibility for these personnel costs. A graduate assistant position is already funded by UHM, which will continue after the reorganization occurs.

The office furniture, equipment, and supplies currently used by the immigration staff will be transferred to UHM in this reorganization. The operating budget will be funded by UHM. Allocation of appropriate office space is being considered by the UHM Chancellor’s Office.

Immigration services and expertise will continue to be extended equitably to System offices or UH campuses requiring them. Immigration staff will use their professional judgment to process cases in a timely manner based on immigration requirements, rather than on campus or office of origin. Therefore, this reorganization will not have any adverse impact on services, students or other groups in the System or at campus units. It will, however, positively affect the level of support and funding the IEPO receives.
VI. Alternatives Considered

The administration has reviewed different organizational models for other similar university systems in the development of this proposed reorganization and ultimately finds the current proposal to be most appropriate for our ten campus system.

Relocating some of the positions to different campuses was considered but it was concluded that this would not be functionally efficient or cost-effective due to the complex, technical nature of their work. Concentration of immigration staffing and resources in one unit provides the University with broad and comprehensive immigration services by experienced professional staff. Since the immigration services unit currently lacks clerical and IT support, the Office of the Vice Chancellor for Academic Affairs is considering the sharing of such support between this unit and the UHM Office of International Student Services. Moving the unit from the System to UHM supports it with stable leadership, sufficient staffing, and adequate funding.

Study Abroad Center
- The UHM Study Abroad Center, in cooperation with its Council, offers study abroad programs for a summer, a semester, and an academic year that enable UHM students to fulfill general education, focus, diversification, major, certificate, and graduation requirements in various locations around the world. Its primary responsibility is to serve the intellectual needs of students consistent with university policy and to provide venues for faculty participation from across the Mānoa campus as resident directors for teaching, faculty development and enrichment opportunities.
- The Council on Study Abroad guides the Center in accordance with its By-laws and Charges. The Council is mandated as a permanent standing committee of the Mānoa Faculty Senate and appointed by the Faculty Senate Executive Committee. It works cooperatively with the Study Abroad Director and is integrally involved in the areas of policy, academic program development, program assessment, and—most critically—the selection of faculty members to direct individual study abroad programs. The Council is not a sub-committee of a larger committee of international programs; rather it will provide representatives to other committees to facilitate information.
- The UHM Study Abroad Center specializes in overseas academic program development, implementation, delivery, student health, safety, security, risk assessment, and management through a variety of means, including on-site inspection and program evaluations in accordance with WASC standards.
- The Center provides training for faculty resident directors in health, safety, risk and liability as well as provides pre-departure cross-cultural training for students as part of the Center’s standard of care.
- The Center operates as a self-sustaining unit and utilizes the funds it generates to support its programs.
