Prepared by UH Budget Office

* BI 2007-08 & 2008-09 operating funds includes an increase of \$590,000 for Property Insurance Premium which are part of Risk Management Costs, and should be a Pass Through Fund adjustment; however, since the Legislature appropriated it in operating funds, it is shown that way here.

** For FY 2009-2011 the Legislature transferred the budget for the pass through funds (health premiums, retirement benefits and debt service costs) to the State Department of Budget & Finance. Accordingly, adjustments have been reflected on this schedule in the years prior to FY 2009-10 for comparability purposes.
