1/ Degrees conferred (counted differently from degrees earned) is the number of diplomas issued. Students who complete two or more major fields of study and are awarded the same type of degree from the same school or college are counted once for degrees conferred, but are multiple-counted for degrees earned. To illustrate, if a student received two Bachelor of Arts (BA) degrees from the College of Arts & Sciences, one in speech and another in journalism, he or she would be considered as having one degree conferred, and two degrees earned.

When students complete more than one major field of study in different schools or colleges, or receive more than one type of degree from the same school or college, degrees conferred and degrees earned are multiple-counted. For example, a student who received a BS in chemistry (College of Arts & Sciences) and a BS in electric engineering (College of Engineering) would be counted once under each college, for a total of two degrees conferred, and two degrees earned. Likewise, a student who received both a Bachelor of Education (BE) degree and a Professional Diploma (PD) from the College of Education would be counted as having two degrees conferred and two degrees earned.

2/ Undergraduate Certificate in Dental Hygiene stopped-out in May 1996; program terminated by BOR action, effective Spring 1998.

3/ Associate degree program in Nursing terminated by BOR action, effective July 1994.

4/ Professional Diploma program stop-out, AY 1994-95 to 1996-97. Program redesigned and renamed Professional Diploma in Education. Post Baccalaureate credential created in Fall 1996. Data shown here may include both PBs and PDs for the years after Fall 1996.
