Table 1: Kool aid play dough
Lanai Table: collaborative painting
On the menu: Mint Pea dip
outdoor: Drawing with craypas, Tree blocks, and easel painting

We would like to welcome four new families to our UHMCC @ Kuhio class. The Kuhio site is an inclusion classroom that is shared by the UHMCC children and the Kuhio Preschool Special Education children. The Kuhio teachers are Alyson Navarro, Raymond Sanchez (UHMCC teachers), Mrs. Theriault (SPED teacher), and assisting her will be Mrs. Oshiro (SPED EA). For the next couple of weeks, we will be “Getting Acquainted and Reacquainted” with myself, my space, my peers, my teachers, and the Kuhio school community, as well as continue our exploration of “Seed to Plate” singing songs, movement, gardening, etc… For parents, we understand the first day of school can be overwhelming and stressful since your unsure of how your child will react when they arrive, even for the children returning from a trip and the break. The teachers are here to help support your child giving them a hand to hold, a lap to cuddle on, and comforting words to help soothe their sadness. We are also here to support and build a relationship with the parents, communicating through emails or providing a phone call during the day (if needed) to let you know how your child is doing.

Just a friendly reminder:
• PLS. SIGN YOUR CHILD IN/OUT DAILY
• CHECK PARENT FILE DAILY
• If your child has an allergy or special dietary needs forms on the UH website need to be filled out.
