

# Biological Effects on People of Exposure to Atomic Bombs

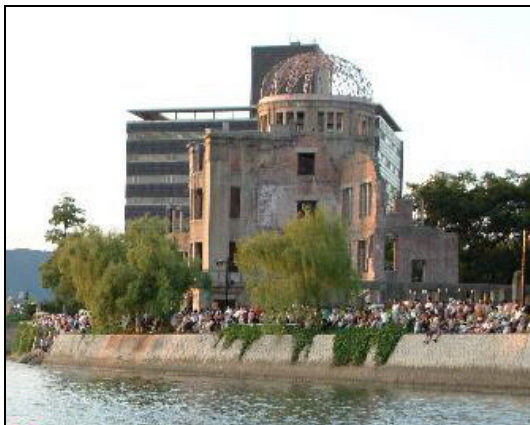

*Center for Japanese Studies Seminar Series  
(Brownbag Presentation)*

by

**Dr. Charles A. Waldren**

Chief Scientist, Radiation Effects Research Foundation (RERF), Hiroshima/Nagasaki, Japan  
Professor, Dept. of Radiological Health Sciences, Colorado State University, Fort Collins, CO

Dr. Waldren, one of the foremost scientists in the field of radiation effects, will discuss the findings of the Radiation Effects Research Foundation (RERF) studies about biological effects on people of exposure to atomic bombs. After a brief presentation by Dr. Waldren, the floor will be open for a Q&A session. The audience is welcome to bring their own lunch to the seminar.

**Date:** Friday, November 12, 2004

**Time:** 12:30 pm - 2:00 pm

**Place:** Tokioka Room (Moore 319)

Located on East-West Road across from  
the Center for Korean Studies Building
