

## PACIFIC RESOURCES, SUMMER 2007

### Selected Reference Works

This bibliography represents selected items that are regularly consulted by University of Hawai'i Pacific Collection librarians in their daily reference work. Nearly all of these titles may be found on the open reference shelves in the Special Collections Reading Room. Each citation notes the location of the item and indicates if there is also a copy in another collection within UH Library. Please note that this is a selected list; there are numerous other sources that are helpful, both print and electronic. The latter are surveyed in a separate section of LIS 688.
