PLEASE OBSERVE THE FOLLOWING GENERAL GUIDELINES:

TUTORING IS BY APPOINTMENT ONLY. Appointments should be made no later than one day in advance. The maximum time for a tutoring session is 30 minutes. Students must contact the faculty member who is available at the student's preferred time selected from the tutoring times printed in the table on the front side of this sheet. (See NOTE below.)

PLEASE DO NOT “drop in” without an appointment. “Tutoring” is not the same as office hours. Time will be set aside exclusively for the student with an appointment, so if for some reason you are unable to make your appointment, you must contact the faculty member and cancel your appointment as soon as possible. An alphabetical listing of faculty members, along with their email addresses, contact numbers, and office locations, is provided below.

Faculty can help students during the tutoring session by 1) answering questions related to Japanese grammar, and 2) providing oral practice. Faculty will **NOT** check a student's homework that has not yet been turned in to a class for which they have registered.
