

Classes and Teachers

During your study at HELP you will take twenty hours of classes Monday through Thursday. Part time students can take fifteen hours or less.

Curriculum

HELP's curriculum is based upon current research and best practices in the field. We focus on Academic English preparation and students who successfully complete our curriculum may apply for conditional admission to the University of Hawaii.

Our four-level curriculum covers the skill areas of English reading, writing, listening, speaking, and grammar, as well as test preparation for TOEFL and other tests. We can also arrange for private tutoring for any subject.

Please see our web page for more detailed course descriptions.
