Liaison Reports for 02/23/05 GEC Meeting

1. E Board
Emily Hawkins, Liaison
The Ethics Board met on Thursday, Feb. 17 at which time 7 courses were reviewed. Five were recommended, one was recommended with the suggestion that the description contain a reference to ethics, and one is pending more information. The Ethics workshop is planned for March 17 from 3:00 to 4:30 with presentations by successful E proposers, Tom Klobe, Karen Kosasa, and Tom Bopp, a viewing of the web resources, results of the 2004 survey, and questions.

There was substantial discussion of the issues that had come from the GEO Advisory Group. The board, which has already taken a stand that a course will not be designated E for the first time as a staff offering, identified a need to add new instructions. For staff requests of courses which a faculty member had previously taught as E, although technically considered "NEW", the request must be accompanied by a syllabus for which the E designation had been granted. The GEO will still ask the instructor, once identified, to submit their own syllabus. This information will be added to the website.

The board will meet again on April 7.

2. H Board
Jon Goss, Liaison

3. O Board
Dick Chadwick, Liaison

4. W Board

5. Foundations Board
Megumi Taniguchi, Liaison

6. HSL
Patricia Fryer, Liaison
