 1. The board reviewed the following FG proposals:
 - a. ENG 100, ENG 101 (renewal) - The board recommended approval.
 - b. ELI 100 (renewal) – The board recommended approval.
 - c. MUS 107 (renewal)– Concerns about the representation of Europe in the course were assuaged when Casanova provided a satisfactory response from the music department. The board recommended approval.
 - d. ART 101 (new) – no updates
 2. CC renewals.

In light of the last meeting with Ron Cambra, the board reconsidered what kinds of materials to send out to the CC's for the renewal requests. After some discussion about checklists and fast-track content area meetings, the board decided to adopt a minimalist approach.

 - a. The requests will simply ask about any significant changes to the courses up for renewal, and ask for confirmation that the courses are still meeting the hallmarks. Weiner will draft the language and send to board.
 - b. The renewal request information will be sent through Ron Cambra to the CAOs, with individually addressed packets for division chairs.
 - c. Renewal requests will be readied this semester for the F board to implement in the fall semester.
 - d. Requests will be sent to all campuses for all courses except Hawaiian CC HIST 153/154 and any other courses approved in the last three years (to be determined by GEO).
 3. The board briefly discussed other future business (i.e. learning outcomes), and adjourned. The next meeting will be April 24.
- 6. HSL**, Cristina Bacchilega, Liaison
