

Liaison Report for GEC Meeting, 10/06/08  
E-Board  
Liaison: Susan Johnson

Tom Hilgers introduced new GEO member, Duane Henry, who will be working with the boards on assessment and training.

The board approved two renewals, one of which has requested multiple designations, and will go to the GEC for a final vote.

Four new applications were also approved by the board, two of which have requested multiple designations, and will go to GEC.

The board will request additional information about three renewals and two new applications, and is still waiting for responses from instructors about five other courses. Missing elements from applications requiring additional information include: reading lists, ethics frameworks, and syllabi.
