

# First Day in the Bay

**1** A large fin breaks the calm waters of Kaneohe Bay in Hawaii. It belongs to a shark that is swimming into the shallow water. The shark is about to dive under. Is it hunting for food?

**2** It's a female hammerhead shark. She's looking for a safe spot away from other sharks.

**3** Today she's giving birth to 20 shark pups. As soon as they're born, they start swimming.
