

# UNIVERSITY OF HAWAII SYSTEM

## Legislative Testimony

---

Testimony Presented Before the  
Senate Committees on Higher Education and  
Economic Development, Tourism, and Technology  
March 17, 2017 at 1:30 p.m.

by  
Vassilis L. Syrmos, Vice President for Research and Innovation  
University of Hawai'i System

### HB 909 HD2 – RELATING TO THE UNIVERSITY OF HAWAII

Chairs Kahele and Wakai, Vice Chairs Kidani and Taniguchi, and members of the committees:

The University of Hawai'i (UH) supports this measure to establish a Center for Commercialization at UH for the benefit of the public and the state of Hawai'i.

The University of Hawai'i and local business community have partnered on the Hawai'i Innovation Initiative, a bold and proactive effort to help diversify the state's economy by building a thriving innovation, research, education and training enterprise -- to be driven by the growth of new industries in Hawai'i and fueled by UH's plans to aggressively commercialize its research over the next decade.

A key to the success of this initiative is the establishment of the Center of Commercialization, which will serve as a virtual umbrella that will encompass grant development/commercialization/innovation related programs to increase efficiencies, effectiveness and success necessary for the establishment of a vibrant entrepreneurial ecosystem at UH.

Under the "quarterbacking" of the Center of Commercialization, the Strategic Grants Development office will provide system-wide strategic direction and coordination to increase grant funding in national science and technology funding priority areas. These priority areas will be further reinforced by faculty encouraged by a reinvented Office of Technology and Economic Development to file invention disclosures and to seek commercialization opportunities through the award-winning XLR8UH accelerator.

To help maximize the impact of the Center for Commercialization, UH continues to urge the Legislature to allow the concurrent passage of measures on commercialization and technology transfer that will enable UH to start the program initiatives necessary for successful research commercialization.

Thank you for the opportunity to testify on this measure.
