University of Hawai'i at Mānoa

HB 1013 – RELATING TO INVASIVE SPECIES PROGRAM ADMINISTRATION

Chair Creagan, Vice Chair DeCoite, and members of the House Committee on Agriculture:

Thank you for the opportunity to testify in support of HB 1013 which restructures the Hawai'i Invasive Species Council as the Hawai'i Invasive Species Authority, administratively attached to the department of agriculture, to coordinate implementation of the Hawai'i interagency biosecurity plan and to improve coordination of the State's invasive species prevention, early detection, rapid response, control, enforcement, and outreach programs; and appropriates funds to implement the authority and relevant interagency invasive species projects.

The University of Hawai'i is a member of the interagency Hawai'i Invasive Species Council, and will remain a member under the restructuring proposed in HB 1013. We support this restructuring and attachment to the Department of Agriculture, and believe that it will strengthen efforts to prevent and control invasive pests, plants, and plant diseases in Hawai'i.

Thank you for the effort to testify in support of HB 1013.
