Petition to Apply for Concurrent Degree Status

A current UHM graduate student who wishes to pursue an additional graduate degree concurrently must obtain advance approval from the Graduate Dean. With approval, a student may apply for admission to an additional program after completing one year of study in the first program. Concurrent doctorates are not permitted. Return the completed petition to the Graduate Admissions Office (address below) at least two weeks before the graduate program admissions deadline. Note that approval of this petition only grants permission to apply and does not imply admission. Approval is not required to apply to official dual degrees or to graduate certificate programs.
