Membership Application

HERA

The Hawai'i Educational Research Association or HERA is the regional affiliate of the American Educational Research Association. HERA provides a forum for sharing issues, insights, and research findings with educational researchers, administrators, teachers, and others who want to improve educational practice. We invite you to join HERA and add your unique voice and perspective to our mission. We welcome researchers and practitioners from all disciplines who are concerned with improving education and educational practice.

Refereed Journal	Distinguished Paper
Through its annual conference, publications, and periodic forums, HERA is a source of information for concerned educators in Hawai'i. HERA also sponsors the *Pacific Educational Research Journal*, a refereed journal published annually.	HERA members are encouraged to submit their research for HERA's Distinguished Paper Award. The award winner is announced at the annual conference and receives an honorarium as well as the opportunity to present at the Annual Meeting of the American Educational Research Association.
Periodic Forums	**Annual Conference**
HERA independently and with other educational organizations periodically sponsors forums featuring prominent educators visiting Hawai'i. Past speakers include Maxine Greene, Eva Baker, and Ku Kahakalau, and most recently, David Berliner and Paul LeMahieu.	HERA presents an annual conference in the first quarter of each calendar year. The Annual HERA Conference is held in January or February. We hope to see you there. http://www.hawai.edu/hera/
