Graduation rates for the most recent cohort are 48% at UH Mānoa and 31% at UH Hilo for the Fall 2003 cohort six years after entry, and at the UH community colleges for the Fall 2006 cohort completing within 150% of normal time to completion: 15% overall, 25% at Hawai‘i CC, 13% at Honolulu CC, 16% at Kapi‘olani CC, 13% at Kaua‘i CC, 10% at Leeward CC, 24% at Maui CC, and 10% at Windward CC. UH West O‘ahu began admitting first-time students effective Fall 2007, and is not included here since graduation and persistence data are not yet required or available.

This information is provided for the Student Right-to-Know Act, Public Law 101-542. It provides a partial description of the graduation and enrollment patterns of students and describes averages for groups of students. It should not be used to infer or predict individual behavior.
