Library Senate Executive Board

Meeting Minutes
2000-03-13

Present: Acosta, Coleman, Flynn, Peacock, Wermager

1. Peacock initiated a discussion of the Civil Service Reform Bill and its potential impact on Library staff.

It was determined that it might be appropriate for the LSEB to submit two letters opposing the negative impacts that this legislation would have on the Library and University staff. One letter would address the negative affects on present faculty in terms of retention and hiring issues. The second letter would address the impact on paraprofessionals and employee health benefits. Flynn will look into getting an analysis of the bill from J.N. Musto. Peacock will draft the letters and submit them for review and discussion.

2. A time and agenda will be set for the next full senate meeting. Possible times and agendas will be discussed by e-mail.

Meeting adjourned at 1:15 p.m.

Next regular meeting April 3, 2000

Submitted:

David E. Coleman, Secretary
