**\* This course meets the ICT technology requirement.**

- Summer courses must be self-supporting. Therefore, courses must have a minimum of 12-14 students as REGISTERED and PAID participants to offer the course. Please contact your adviser, then check with the LIS office for course information. This will help us to estimate the number of students who will be taking the courses and give a warning if a course must be canceled.
- Students taking a 3-week course can only sign up for one at a time. Students may not simultaneously take a six-week class and a three-week class during the same period. Students cannot simultaneously take more than two six-week classes during the same period.
- Asynchronous (online) courses do not meet face to face. It is up to the instructor to decide which day of the week assignments are due.
- The two HITS courses meet Monday, Wednesday, and Friday. Please note that they meet at different time slots. Please inform your advisor if you will be taking the HITS course on a neighbor island.
- LIS 693 meets weekdays from July 2-20. The other classes are all six weeks long and are either online *or* Monday/ Wednesday/ Friday courses.
- Course descriptions and syllabi will be posted at <http://www.hawaii.edu/lis/courses.php?page=descriptions>
