

**Record of Service, Leadership and Scholarship**      **Name:** \_\_\_\_\_

The goals and objectives of the LIS Program stress the importance of students (1) participating in and exercising leadership in professional organizations, and (2) demonstrating service and scholarship that extend beyond academic excellence in the classroom.

To achieve the above goals, the Program promotes student membership and leadership in local, regional and national professional associations. The Program also strongly encourages students to participate in LIS organizations, committees, and teams, e.g., LIS Curriculum Committee, Hui Dui, LIS Web Team, and student chapters of ALA, ASIST, SLA, SAA as well as state associations such as HASL, HLA, MLA, HPCMLA, SLAHPC, and AHA (refer to LIS Web site for more details). At the same time, the Program encourages students to conduct research and present their scholarship in the public sphere via publications and conference programs. The information below documents a student's achievements in these various areas.
