The Mission of the Lyon Arboretum:

To increase the appreciation of the unique flora of Hawai'i and the tropics, by conserving, curating, and studying plants and their habitats; providing inclusive educational opportunities; encouraging use by the broader community; and supporting the educational, scientific, and service activities of the University of Hawai'i.

Vision Statement

The Lyon Arboretum will be the destination for all those seeking an intimate understanding and appreciation of tropical systems; knowledge of the traditional uses of the land; and a celebration of the intersection of biological and cultural diversity.
