

G-102 and G-103 Manual Equipment Instructions

LIGHTS

There are two light switches—one by the door and one by the lectern.

PROJECTORS

There are two projectors—one center (projector 1) and one by the door (projector 2). Use the remote to turn the projectors on or off.

ON button (press once)

OFF button (press twice)

Aim the remote at the projector when turning on or off.

SCREENS

There are two screens at the front of the classroom—front left and front right. The buttons are located next to the keyboard.

Toggle switches up or down to raise or lower the screens.

INPUTS AND OUTPUTS

There are four inputs and four outputs. Each input can connect to any output. Output button 4 must be selected for sound.

INPUTS		OUTPUTS	
Laptop	(button 1)	Projector 1	(button 1)
Computer	(button 2)	Projector 2	(button 2)
DVD/VCR	(button 3)	Local Monitor	(button 3)
Document Camera	(button 4)	Audio Speakers	(button 4)

Select the input desired. Select the outputs desired. The selected input and outputs will be indicated by the green lights on the panel. Press “enter” before the lights go out.

ENTER BUTTON

Note: Please turn off the projectors and erase the white boards when done.
