7. The oral communication is no longer class specific. Leeward CC is now going to use Hallmarks for the OC. So if a student takes a BIOL 100 at WCC and it is designated as fulfilling the OC requirement via hallmarks, then we will accept the course as an OC. If the student takes SP 151 at Honolulu CC (no OC hallmarks), then LCC will not accept the course as fulfilling the OC requirement at LCC.

8. Electives in the AA is increased to 29 cr. This is because of the change in the Oral Communication requirement now following the Hallmarks.
