UNIVERSITY OF HAWAI‘I

SYSTEM ARTICULATION AGREEMENT

Administration of Justice

November 28, 2017

By agreement of faculty in August 2017 of the seven participating Community Colleges, this agreement is extended during any review process.
INTRODUCTION

The University of Hawai‘i Community Colleges are comprised of seven campuses located on six islands in the State of Hawai‘i. While each campus has a unique identity and mission, the seven campuses operate as one system.

During the course of their education, students may decide to transfer from one campus to another in the University of Hawai‘i (UH) system. The development of an articulated program of study supports the transfer of earned academic credits within the UH system.

PURPOSE

The primary purpose of this articulation agreement is to facilitate the matriculation of students and the transfer of courses across the university system. Moreover, it is intended to inform students whose program of study requires Administration of Justice courses as part of their degree requirements of the program opportunities that are available to them throughout the UH Community College system.

AGREEMENT AND PROCEDURES

1. **Scope of Agreement.** This Articulation Agreement applies among the UH Community Colleges.

2. **General Guidelines for the Application of Award of Transfer Credits**

   A. **Student Eligibility:** Students must be currently enrolled at a participating UH campus to be eligible for the award of any transfer credit.

   B. **Timeline for Application:** Students should apply for transfer credits during their first year of attendance at the receiving campus.

   C. **Transferability:** Credits awarded within the guidelines established in this Agreement will transfer between and among designated University of Hawai‘i campuses. However, students should be informed by both “sending” and “receiving” campuses that transferred credits may not be applicable to programs outside this Agreement.

   D. **Campus Procedures:** Each UH Community College that is a party to this Agreement will be responsible for establishing procedures that detail the timeline
and deadlines for application, review requests for award of transfer credit, and the appeals process for such credit.

The document lists all below 100, 100 and 200-level Administration of Justice courses that are equivalent within the University of Hawai‘i Community College system. If a course is unique to a campus and, hence, does not have an equivalent course within the UH Community College system, then it is not listed in this document.

This Articulation Agreement will remain in effect until October 2021. It will be subject to review in October 2020, and may be continued, revised, or discontinued with the consent of all faculty members and administration of all campuses represented in this agreement. The Articulation Agreement remains in effect while review continues.

**Note:** Phase I: By December 31, 2017 PCC’s will complete discussions and secure agreements on alpha, number, title, credits, contact hours, schedule types associated TE’s. By December 31, 2018 Phase I alignment changes will display in all college catalogs and implemented in STAR GPS.

**Note:** Phase II: By December 31, 2018 PCC’s will complete discussions and secure agreements on description, pre-requisites, and SLO’s. By December 31, 2019 Phase II alignment changes will display in all college catalogs and implemented in STAR GPS.

**Note:** Each campus must meet the agreed upon course student learning outcomes (SLOs), but can add additional outcomes as long as is does not result in a different course.

**Note:** If the class alpha with the same core course student learning outcome (SLOs) is offered at another campus, it articulates as well.
