Critical Issue A: Should DL students be required to pay all mandatory student fees?

Proposed DL E5.204 offers some guidance:
“Students in distance and online programs need to be recognized as members of the student body of the offering campus including having access to co-curricular and fee-based services. However, distance learning students who have no opportunity to benefit from certain on-campus fees may have those fees waived or may be charged substitute fees that support unique requirements of distant learners...”

Current BORP 6-3 b.(2)(ii) offers additional guidance:
“Distance education students who cannot take advantage of services offered by the student organizations, such as those requiring on-campus attendance, may be exempt from the assessment of these fees; and......”
