

Fall AATN Meeting
Honolulu Community College – Campus Update

1. Advising Syllabus
2. Major Curriculum Changes
 - All CTE program General Education requirements are now 100 or higher. There is a new Math 197, replacing Technical Math II (formally Math 55). Program prerequisites and proficiency requirements for the AS, AAS, and ATS degrees have also been updated. All changes are found in the current 2013 - 2014 Catalog.
 - Liberal Arts Associate in Arts degree now requires proficiency of testing out of or completing Math 25, regardless of course used to satisfy FS (Phil 110).
3. For the GE Core
 - HON CC is the same as UHM except the number of credits for Diversification is 18-19 credits total, due to ZOOL 200 - 3 credits with Lab included.
