III. OTHER

10. Describe any significant issues regarding the HAP process on your campus.

We now have 3 CTE (Career and Technical Education) voting faculty members on our HAP Board because of the campus approved re-structuring of the General Education charter. So now we have 3 Liberal Arts voting faculty and 3 CTE voting faculty.

11. Identify any issues for discussion for the Systemwide HAP Board.

In the past we have recognized instructors approved on the other campuses that have signed the Multi-campus Articulation Agreement; therefore our campus courses taught by that instructor is certified with HAP. How do we recognize the "Course based" HAP approval on other campuses (i.e. UH Mānoa) taught by the same instructor on our campus? We are going to pursue the course approved designation for HWST 107, and one faculty member currently teaches one section at UH Mānoa and is currently certified with the course based approval. Is this something our campus board discusses internally in regards to the recognition of the "Course based approval?"
