UH System Course Transfer Database

This site will help you find information regarding the transfer of credit courses into the various UH campuses. **Be sure to talk to your academic advisor as they have the latest and most complete information.**

There are two sorts of searches you can run using this tool.

List mode

This search requires you to first choose two campuses: a campus from which you've taken a course, and a campus to which you like to transfer that course. It may be that you've already taken courses that you'd like to transfer, or it may be that you're considering a course and would like to see how that course transfers (if at all) to a different campus.

Explore mode

This search is useful when you know there's a certain course at a certain campus that you need to take, and you'd like to see which courses at other campuses might be used as an equivalent for that course. For example, you might be required to take Math 100 at UH Mānoa, but you'd like to see if there are any courses at Kapi'olani Community College which you could take instead, while still fulfilling your requirement for Math 100 at Mānoa.

Courses designated as **equivalent** have been judged to have highly similar content such that two campuses treat the classes as essentially the same class. However a designation of equivalency does not mean the two courses will satisfy the same requirements at different campuses.

Students must understand that courses designated as equivalent on this website:

- May differ in their ability to meet General Education requirements, college/school requirements, and major requirements.
- May only transfer as course credits without meeting general education, college/school, or major requirements.
- May not transfer as the same number of credits.
- May only reflect course equivalency designation for the current semester.

Courses transferable as BCIS 270 at Maui Community College

There are available courses at the following campuses:

- Leeward Community College
- Hawai'i Community College
- University of Hawai'i, Hilo

Transferring from Leeward Community College

You have 2 options:

1. You may take ICS 270 at LCC to receive credit for BCIS 270 at MCC
2. You may take ICS 200 at LCC to receive credit for BCIS 270 at MCC

Transferring from Hawai'i Community College

You may take ICS 200 at HCC to receive credit for BCIS 270 at MCC

Transferring from University of Hawai'i, Hilo

You may take ICS 200 at UHH to receive credit for BCIS 270 at MCC

*BCIS 127
does not
appear
on Maui's
list*

Articulated Career & Technical Education Programs & Courses

Revised November 24, 2006

The following CTE courses have been articulated among the various campuses that are listed in the separate tables below. Please note that the current courses are listed in regular text. The proposed new course alphas, numbers, and titles are listed in ***bold and italics*** in the tables. The courses must be approved separately at each campus through their Curriculum Committee and administration; there is no guarantee that the ***bold and italics*** proposed course modifications will be approved at each campus. Course outlines may be found within the individual signed Articulation Agreements listed at:

http://www.hawaii.edu/vpaa/system_aa/articulation/articulation.html

Numbers in parentheses indicate (credit hours/contact hours)

Arts and Communication Career Pathway
