Systemwide Advising and Transfer Network

November 30, 2006
10:00 AM -12 Noon
Bachman 203 and
VTC: Maui, Kaua‘I, Hawai‘i CC, UH Hilo

Agenda

A. Welcome and Introductions

B. Background
   1. Revision of E5.209 establishes this Network.
      From E5.209
   
   C. UH System Academic Advising and Transfer Network
   The purpose of this Network is to promote the dissemination of information among UH campuses pertaining to student and credit transfer. The Network serves as a forum to exchange and share information about transfer practices across the UH system and identify issues or concerns that may impact the smooth and informed transfer of students. This group will work with OVPAPP to develop common communication tools (e.g., websites, handouts) to inform and guide students in the transfer process. Recommendations of the Network are made to the CCAO (and to Chief Student Affairs Officers).
   
   The Network consists of two representatives from each UH campus: one advisor/counselor and one transfer specialist. The Chancellor appoints the representatives for their campus. Representatives serve two-year staggered terms and may be reappointed. The Network will select co-chairs: one from a baccalaureate degree-granting campus and one from a community college.
   
   The OVPAPP arranges for regular meetings of this Network. In addition, OVPAPP provides an opportunity for all UH academic counselors, advisors, and transfer specialists to meet yearly in order to network and exchange information about degree, program, or college requirements on each system campus.
   
   2. The unofficial network met last academic year. Meeting notes are located at [http://www.hawaii.edu/vpaa/system_aa/acad_adv_transfer_network.html](http://www.hawaii.edu/vpaa/system_aa/acad_adv_transfer_network.html)
      List of members and resources are also listed on this webpage.
   
   C. Updates from each campus
D. The UH System Course Transfer Database (Patti Chong)
http://www.hawaii.edu/transferdatabase/

1. If we have only "cleaned" the system database in SHATATR, have only that section live until the non-system database is ready to go live.
2. Who was notified that this went "live." Perhaps an email to this group, the users, would be a good vehicle to get the word out.

E. UHM 2 + 2 Degree Pathways Partnership (Gemma Williams)

F. E5.209 - Operational Issues
http://www.hawaii.edu/apis/ep/e5/e5209.pdf Please review the revised E5.209 to identify operational issues related to this policy so appropriate procedures may be developed.

G. Other
1. Selection of Chair and CoChair
