UH System Academic Advising and Transfer Network  
Meeting Summary

February 2, 2006  
10:00 AM -12 noon  
Bachman 113 and VTC Connections at Maui, Kauai and Hilo

Present: Jean Maslowski (Hon CC), Janice Walsh (Kap CC), Wade Tanaka (Kauai CC), Candy Hochstein (Lee CC), Colleen Shishido (Maui CC), Patti Chong (Win CC), Jim Cromwell and Gabrielle Matull Worst (UHH), Jeanne Oka (UHM), Jean Osumi (UHWO), Linda Johnsrud (APP), Carol Pang (UHCC System), Joanne Itano (UH System)

UH System Course Information System

Hae Okimoto and Joe Dane provided a demonstration and overview of this website (http://web20.its.hawaii.edu/articulation). A feedback survey, a glossary explaining the abbreviations and disclaimer will be added.

For this website to provide accurate information, the articulation database must be accurate. This database is also necessary for STAR. The campuses are having difficulty managing their many demands and also the need to review this database and build the rules for STAR.

UH Mānoa is checking their database (per Jan Heu), UH Hilo is completed with this review. UHWO is committed to make this happen but the issue is time to complete the work. The community colleges are in various stages of their review of the articulation database from not knowing who is responsible for completing this task to currently in process of reviewing the database.

Revision of E5.209

Linda Johnsrud provided an overview of the process of review of E5.209. The current draft is an updating, housekeeping document that reflects current practice. CCAO will discuss the revision at its March 2006 meeting. The CAOs wanted some time to have their campuses review the document.

This group is interested in providing feedback at a meeting which is scheduled for

Friday, February 24, 2006  
2:00 PM - 4:00 PM
