	Art 129		?CA 145 and 146	
	Art 125 + Art 127		CA 125	

Shaded rows: of concern is the need to have the completion of two courses to be deemed equivalent of one course, due to the differences in credit. It does not support transfer of students. Further discussion is necessary to explore other alternatives, such as transferring of one course to (rather than 2) and requiring student to make up the 1 credit or providing a directed reading to fulfill the portion of the course material that may be missing.

Art 112 articulation agreement

Christian Ganne to circulate a draft of revised SLOs for review by DM faculty.
