## **The Academic Program**

The Academy for Creative Media emphasizes narrative, or story telling, theories, skills and application across multiple platforms of digital media and within a context of cultural and aesthetic values. More than just a “film school,” ACM seeks to empower students to tell their own stories of Hawaii, the Pacific and Asia rather than have those stories told for them through a different cultural lens that is distant and often distorted. It is one of the few programs developing a unique program in Indigenous Filmmaking.

ACM offers a core curriculum in three tracks: Cinematic and Digital Production, Computer Animation & Game Design, and Critical Studies. A catalog of courses, academic planning guidelines, and program information can be found on the Academy’s website at: [www.hawaii.edu/acm](http://www.hawaii.edu/acm).

## **Undergraduate Study**

### **Bachelor’s Degree**

Linked with the Interdisciplinary Studies program, students have the flexibility to design an individual academic program around a core of ACM courses and electives from a variety of UHM departments offering courses in film studies, digital design and technology. Students work in close consultation with faculty to develop an interdisciplinary program that reflects the development of academic, technical, creative and critical thinking skills.

## **Requirements**

To declare a major in Creative Media, students must:

- Have completed with at least a B (3.0) Cinema and Digital Media (ACM 255), and have completed 12 or more credit hours with a 2.5 GPA.
- Be enrolled in the Colleges of Arts and Sciences.
- Be accepted into the Interdisciplinary Studies Program.

To complete the Creative Studies major, students must design a detailed and acceptable academic proposal, with adequate ACM faculty counseling, that emphasizes one of the three ACM tracks, includes the required core of ACM courses, and is supplemented with elective courses from at least two other departments. Students must also ensure that their academic proposal satisfies the Interdisciplinary Studies program guidelines for self-designed majors, and that all required advising sessions with Interdisciplinary Studies are met.

## **Required Courses**

ACM 255; 310, 315 or 320; 350 or 355; and 9 credits from among:  
ACM 360, 385, 460, 480, 485, 490,
