

CAMPUS REVIEW PROCEDURES FOR PREVIOUSLY ARTICULATED GENERAL EDUCATION CORE COURSES

The following procedures apply to all courses previously articulated to meet general education core requirements.

1. Over a period of no more than 5 years, all previously articulated courses will undergo campus review.
2. The objective of the review is to determine if a course is essentially the same in meeting the general education scope and content criteria established by each Unit as when it was last articulated by a system wide standing committee.
3. If it is determined that a course is no longer essentially the same, it will be (1) withdrawn as an articulated course; or (2) revised to meet the required criteria and submitted by the campus to the appropriate standing committee and be reviewed following established course by course articulation procedures.
4. Specific review procedures will be determined by each campus. The senior academic administrator for each campus unit will assure faculty participation in the review process.
5. The senior academic administrator and faculty senates of each campus will certify and report to the UCA by June 1 of each year, the results of the review process for the previous year. These results will be recorded in the articulation database.
6. The review will commence January 1, 2000.
