Windward processes their students in two separate runs: **run 1 – end of term, **run 2** – after the erase period for the subsequent fall/spring term. The criteria used to select their student population are campus defined and differs from the "No. of Students Processed" below. Additionally, they require that the student be enrolled in spring 2016. Some of the same students may appear on both their first and second runs.*

- **No. of Students Processed** – Students who meet the following criteria: 1. Home campused at their institution and 2. Pursuing a declared program of study (unclassified and early admission are excluded)
- **No. of Courses Processed** – Total number of cross-registered courses enrolled in the term.
- **No. of Courses Moved** – Excludes courses that did not meet criteria entered by user (e.g. <100 courses, grades below D, courses >= 300, etc.)
- **No. of Courses Articulated** – Total number of courses that could automatically be articulated. Reasons why a course could not automatically articulate: no articulation rule built, equivalency lists one of two courses ("OR" statement), course credits do not match, etc.
