A7.022 PROCEDURES RELATING TO PROTECTION OF THE EDUCATIONAL RIGHTS AND PRIVACY OF STUDENTS

1. PURPOSE

2. OBJECTIVE

To establish uniform procedures governing a student’s access to the student’s own education records, and access to student education records by the public and other governmental agencies that comply with FERPA. FERPA is incorporated herein by reference. Nothing in this procedure is intended to be contrary to state or federal laws, including FERPA. In the event of conflict between this procedure and FERPA, FERPA will supersede the University’s procedures. This policy further clarifies that the requirements of FERPA are minimum standards with which the University complies. To the extent that the provisions of this policy provide for more privacy relating to student education records and directory information, this policy shall control.

3. APPLICABILITY

This procedure is applicable to all campuses of the University of Hawaii. Responsibility for administering this procedure is assigned to Custodians of Education Records, who are the
administrative heads of offices in which education records are kept, and Executive Data Stewards who have the authority to approve data sharing requests involving the release of student information. Executive Data Stewards also have the authority to grant access to Institutional Data Systems where student education records are housed.

4. DEFINITIONS

As used in this administrative procedure:

a. “Authorized representative” means any entity or individual designated by an agency headed by a state or local educational authority headed by an official listed in Section 12a to conduct, with respect to Federal- or State-supported education programs, any audit or evaluation, or any compliance or enforcement activity in connection with Federal legal requirements that relate to these programs.

b. “Custodian of Education Records” means the registrar and administrative heads of offices in which education records are kept. The types of education records and the administrative office to contact are listed in Appendix A for each campus.

c. “Days” means calendar days.

d. “Directory Information” means certain biographical information contained in the education record of a student which does not require the prior consent of the student for disclosure and may be disclosed at the University’s discretion, upon public inquiry, in conformance with state law. Directory information is defined in Section 8 of this document.

e. “Education record” means all records, files, documents, and other materials in both paper and electronic formats maintained by the University, which contain information directly related to a student. Excluded are the following:

   (1) Records that are kept in the sole possession of the maker, are used only as a personal memory aid, and are not accessible or revealed to any other person except a temporary substitute for the maker of the record;

   (2) Confidential communication protected by law;
(3) Records maintained by law enforcement units on a campus, used only for law enforcement purposes, which are kept apart from the education records, and are available only to law enforcement officials of the same jurisdiction;

(4) University of Hawai‘i personnel employment records, but not student employment records;

(5) Records made and maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional solely in connection with the treatment of a student and which may be reviewed by a physician or other appropriate professional of the student’s choice; or

(6) Records created by an alumni association, University of Hawai‘i Foundation, or similar organization which contain only information relating to a person after that person is no longer in attendance at a campus of the University of Hawai‘i.

f. “Executive Data Stewards” for education data are System and Campus Executive Data Stewards as defined in Executive Policy E2.215, Institutional Data Governance. They are accountable for the use and management of student-related data at their respective campus or within the Institutional Data System under their purview.

g. “Institutional Data Systems” are defined as systemwide repositories that collect and store data that are created, received, maintained and/or transmitted by the University of Hawai‘i in the course of meeting its administrative and academic requirements.

h. “Legitimate educational interest” means that access to an education record is required for the purpose of performing an appropriate educational, research or administrative function of the University.

i. “Personally identifiable information” means data or information in an education record that would make a student’s identity easily traceable. Such data or information includes, but is not limited to: the name of the student, the student’s parent or other family members; the address of the student or the student’s family; a personal identifier such as the student’s social security number; or a list of personal characteristics that would make the student’s

k. “Right to inspect” means the right of a student or a designated representative to inspect that student’s education records under the supervision of University personnel.

l. “Student” means any individual who is or has been registered and is or has been in attendance at any campus of the University of Hawai‘i, exclusive of the University of Hawai‘i Laboratory School and University sponsored child care centers. An applicant for admission shall not be considered a student with respect to the unit to which the application has been made, even though that individual may be considered a student with respect to another unit of the University which that student has attended. The records of an applicant for admission shall be subject to the provisions of state law.

m. “Student employee” means any student who is employed by the University of Hawai‘i and paid in accordance with the University’s student employment classification and pay system.

University Officials may also include organizations, contractors, volunteers, and others performing institutional services or functions that the institution would normally do itself.

p. “Vice Chancellor for Student Affairs” means the chief student affairs officer on each campus or that officer’s designee.

5. RIGHTS OF STUDENTS

a. A student shall have the right to inspect the student’s own education records except as otherwise prohibited herein, to

b. A student presently registered and in attendance at any campus may at any time request that all items designated as directory information not be disclosed to the public. A student wishing to exercise this right must fill in FERPA Form 2 accessed through the UH Identity Management System or must turn in the FERPA Form 2 in person with appropriate identification to the Custodian of Education Records. If the form is received not later than fourteen days from the first day of instruction for a regular semester or term, or the first four days of a summer session, then no directory information for that student will be released unless the student rescinds the request. If the form is received after the above stated period, then no information will be released after the form is processed, which will be no later than two working days after the form is received.

c. The student may rescind the request of non-disclosure of directory information using FERPA Form 2 at any time.

9. **EDUCATION RECORDS NOT SUBJECT TO INSPECTION BY STUDENTS**

a. The following types of education records are not subject to inspection by a student.

(b) Respecting an application for employment; or

(c) Respecting the receipt of an honor or honorary recognition.

b. If the education records of a student contain information on more than one student, the eligible student may inspect only the information pertaining to that student.

10. STUDENT ACCESS TO EDUCATION RECORDS

A student may inspect his or her education records in accordance with the following procedure.

(1) The student shall request to inspect his or her education records by completing FERPA Form 3, section A, and submitting it to each office maintaining such records.

(2) The custodian of the education records shall make a reasonable effort to verify the identity of the student requesting such access and may require the student to provide appropriate documentation for this purpose.

(3) The custodian for education records must comply with a student’s request for access to his or her education record within a reasonable period of time, and must not exceed 45 days after such request has been received.

(4) A record of the disclosure of education records to the student shall be maintained by the custodian of the records through completion of FERPA Form 3, section B.

(5) The custodian of the education record may deny a student’s request for access only if the custodian is unable to verify the student’s identity or otherwise

(1) A University Official is deemed to have a legitimate educational interest if the information requested is necessary for that official to (a) perform appropriate tasks that are specified in his/her position description or by a contract agreement; (b) perform a task related to a student’s education; (c) perform a task related to the discipline of a student; or (d) provide a service or benefit relating to the student or student’s family, such as health care, counseling, job placement or financial aid.

(2) A contractor, consultant, volunteer, or other party to whom the University has outsourced institutional services or functions may be considered a University Official under this paragraph provided that the outside party is under the direct control of the University with respect to the use and maintenance of education records and that the outside party is subject to the requirements of this policy governing the use and redisclosure of personally identifiable information from education records.

(a) It is a violation for these outside parties to release any personally identifiable information to a third party or to use the information for any
purpose other than that for which it was provided.

(b) Release of education records to contractors, consultants, volunteers, or other parties will require a contract or written agreement following the terms of the University’s data sharing policy. For example, organizations such as the UH Foundation or an organization contracted by the University to handle alumni affairs and the National Student Clearinghouse or an organization contracted by the University to handle student loan verification, a contract or written agreement will be required which specifies the information that will be released, and how the organization will protect and use the information.

b. The Executive Data Stewards, as defined in UH Executive Policy E2.215, Institutional Data Governance, are responsible for approving log in access to Institutional Data Systems for UH employees and granting data sharing requests to student information under their purview.

(2) The Custodian of Education Records and Executive Data Stewards shall make a reasonable effort to verify the identity of the University Official who is requesting access and determine the existence of a legitimate educational interest.

c. The Custodian of Education Records shall inform the University Official that personally identifiable information from the education record shall not be disclosed to any other party without the prior written consent of the student except as otherwise provided in this procedure and verify that the official has received training on handling sensitive information and will adhere to information security awareness protocols established by the University.

d. The Custodian of Education Records is not required to maintain a record of disclosure to University Officials.
12. DISCLOSURE OF PERSONALLY IDENTIFIABLE INFORMATION TO AUTHORIZED REPRESENTATIVES

(b) To determine the amount of financial aid;

(c) To determine the conditions which will be imposed regarding the financial aid; or

(d) To enforce the terms and conditions of the financial aid.

b. A record of disclosure shall be maintained for each request for access to and each disclosure made under section 12.a. Personally identifiable information from the education records of each student that are disclosed to authorized officials and organizations specified in section 12.a. must be recorded on FERPA Form 6.

c. Education records disclosed to authorized officials and organizations shall carry the following notation: “The personally identifiable information which is being released to you may not be disclosed to any other person without the consent of the individual student to whom it pertains nor used for any other purpose than that for which it is now approved. Any unauthorized disclosure could subject you to
d. Organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, or validating, or administering predictive tests; administering student aid programs; and improving instruction may have disclosed to them information from a student’s education records without the consent of the student, in accordance with the provisions contained in this section; provided that the studies are conducted in a manner which will not permit the personal identification of students and their parents by individuals other than representatives of the organization, and the information will be destroyed when no longer needed to fulfill the purposes for which the study was conducted. The term “organizations,” as used in this part, includes but is not limited to, federal, state and local agencies, and independent organizations.

(b) An authorized representative of the University must make the request to the appropriate Executive Data Steward;

(c) A written agreement must be in place which specifies the scope, purpose, and duration of the study and the information to be disclosed and how the data will be handled and destroyed upon completion of the study; and

(d) record of all disclosures made under section 12.d. will be kept in accordance to the University’s data sharing policy.

13. DISCLOSURE OF PERSONALLY IDENTIFIABLE INFORMATION TO OTHER PARTIES

a. Other parties, including parents of students, may have disclosed to them personally identifiable information from a student’s education records only with the written consent of the student and in accordance with the following stipulations:

(1) Prior to disclosure, the Custodian of Education Records shall have received the written consent of the student to release specified education records. This written consent shall be granted by the proper completion of
FERPA Form 7, “Consent to Disclose Education Records to Third Party.”

(2) Any information disclosed shall bear this notation: “The personally identifiable information which is being released to you may not be disclosed to any other person without the consent of the individual student to whom it pertains nor used for any other purpose than that for which it is now approved. Any unauthorized disclosure could subject you to legal action and university disciplinary action.”

(3) Prior to disclosure, fees for copies, if any, shall be received by the University.

(4) No record of disclosure shall be maintained for a student’s education records that are disclosed to other parties upon written authorization of the student.

14. AMENDMENT OF EDUCATION RECORDS

A student who believes that the student’s own education record contains information which is inaccurate, misleading, or violates the privacy or other rights of the student may request that the University amend those records in accordance with the following procedure:

(1) The student shall notify the Custodian of Education Records that the student wishes to amend such records by filing FERPA Form 8, “Request to Amend Education Records.”

(2) Should the document being questioned be mandatory and required by the University as part of its internal records, the maker of the document in question shall, when possible, be contacted by the Custodian of Education Records who shall review the request with the maker of the education record. The maker of the record shall respond to the student’s request by completing FERPA Form 9, “Response to Student Request to Amend Education Records by the Creator of the Document.” This form shall be completed by the maker of the record and returned to the Custodian of Education Records within fourteen days after the maker of the record has received the student’s request.
(3) The Custodian of Educational Records shall make a determination regarding the requested amendment or correction and shall inform the student of the University’s decision within a reasonable time after receiving the student’s request. If the decision is to approve the request, the Custodian of Educational Records shall amend the record and so inform the student in writing. If the decision is to deny the request, the Custodian of Educational Records shall so inform the student in writing and advise the student of the right to a hearing.

15. HEARING

a. When the University denies a student’s request to inspect or amend the student’s education record, and upon the request of the student, the University shall provide a hearing in accordance with the following procedure:

(1) The student shall file a request for a hearing with the Vice Chancellor for Student Affairs on each campus by completing FERPA Form 10, “Request for Hearing.”

(2) The Vice Chancellor for Student Affairs may attempt to secure an informal resolution of the student’s outstanding request, if appropriate.

(3) Failing to secure an informal resolution, the Vice Chancellor for Student Affairs shall designate an official of the University, who does not have a direct interest in the outcome of the hearing, to conduct the hearing.

(4) Hearings shall be held within a reasonable period of time after the University has received a request for a hearing. The hearing officer shall provide the student with reasonable advance notice of the date, place, and time of the hearing.

(5) The hearing shall be closed to the public.

(6) The student shall be afforded a full and fair opportunity to present argument on all relevant issues and may be assisted or represented by individuals of the student’s choice, including an attorney, at the student’s expense.
(7) The hearing officer may consider additional information relevant to the student’s request, provided this information is also made available to the student.

(8) The hearing officer shall render a decision in writing within fourteen days after the hearing is completed. The decision shall be based solely on argument and evidence presented at the hearing and shall include a summary of the findings and the reasons for the decision. The decision of the hearing officer shall be final within the University.

b. If the decision of the hearing officer affirms all or part of the student’s request, the Custodian of Education Records shall comply or make the necessary amendments and so inform the student in writing.

c. If the decision of the hearing officer is to deny the student’s request, Vice Chancellor for Student Affairs shall inform the student in writing of his or her right to place in the education record a statement commenting on the content of the record and specifying any reason for disagreeing with the decision of the University. This statement shall be incorporated as part of the education record and shall be included in any disclosure of the record.

d. Should the student be dissatisfied with the decision of the University, the student should be advised of the right to file a complaint with the United States Department of Education.

16. DESTRUCTION OF EDUCATION RECORDS

The University may destroy or expunge any education record when it is no longer appropriate, relevant, or required. However, the University may not destroy any education record if there is an outstanding request to inspect it. A student’s written explanation of any or all of the content of the student’s education record, which has been placed in that record, shall be destroyed only when the information to which it pertains is also destroyed. The record of disclosure is to be maintained for only as long as the record to which it pertains is kept.

17. ACCEPTANCE OF ALL LEGAL FORMS OF WRITTEN RECORDS OR SIGNATURES

In accordance with Hawaii Revised Statues §489E-7, a record or signature shall not be denied legal effect or enforceability
solely because it is in electronic form. The written record and
signature may be in any form legally allowable under the Hawaii
Revised Statutes.

18. FEES FOR COPIES

The University may charge a fee for copies of education records
that may be required in order for a student to exercise the
right to inspect the student’s own education record or as part
of an authorized disclosure to other parties. Unless otherwise
established by the University, the charge for such copies shall
not exceed the cost of their reproduction.
Each of the following offices maintains education records. A student who desires to inspect a particular type of education record is advised to contact the Vice Chancellor, Dean, or Director responsible for that type of education record at the address listed for each campus.
