

The Integrated Postsecondary Education Data System (IPEDS)
Statistical data and Information on Postsecondary Institutions

Peer Analysis System

You are now logged in at the: Institution Level

Peer Analysis System (PAS)

The system provides a variety of analytical features for peer analysis. This includes the ability to create new calculated variables, to sort and rank schools based on the data items selected, and to view standard report templates.

To use the PAS, you must first select a Focus institution to use as the basis for your analysis. Enter either the name of the institution (or a keyword in the name) OR enter the UnitID (do not enter both). You may also select the "Use My Institution" button to begin your session.

Institution Name

or

Institution Unit ID

Dataset Cutting Tool (DCT)

This tool allows users to download IPEDS data to use with software packages for analysis and comparisons. Use the DCT to obtain complete data files and codes or to create customized datasets according to your specifications. Users may select their schools of interest with the DCT or may upload a list previously created in the PAS.

The DCT provides customized data element dictionaries, special data files, and programs that read the data into SAS, SPSS, STATA, and spreadsheet formats. These files are zipped for quicker downloading. It is not intended for providing tables of data for estimates.

Click here to access the [Dataset Cutting Tool](#).

Comparison Group Variable Selection

- Choose variables for your comparison group selection from the surveys listed below. Open the levels by clicking on the +. Specify the qualifying variables, if applicable, and then tag the variables. Click Continue. You will then be able to choose the year or years you want.

- [Search](#) for variables.
- Define [calculated Variables](#).

■ Frequently used/Derived variables

- Institutions
- Total cost of attendance
- Selectivity and admissions yield
- Fall enrollment/retention rates
- Fall enrollment

- Total enrollment [\(info\)](#)
- Full-time equivalent enrollment (Fall enrollment derivation) [\(info\)](#)
- Full-time enrollment [\(info\)](#)
- Part-time enrollment [\(info\)](#)
- Percent of total enrollment that are White, non-Hispanic [\(info\)](#)
- Percent of total enrollment that are Black, non-Hispanic [\(info\)](#)
- Percent of total enrollment that are Hispanic [\(info\)](#)
- Percent of total enrollment that are Asian or Pacific Islander [\(info\)](#)
- Percent of total enrollment that are American Indian or Alaska Native [\(info\)](#)
- Percent of total enrollment that are Race/ethnicity unknown [\(info\)](#)
- Percent of total enrollment that are Non-resident Alien [\(info\)](#)
- Percent of total enrollment that are women [\(info\)](#)
- Full-time, first-time, degree/certificate seeking undergraduates (GRS Cohort) as percent of all undergraduates [\(info\)](#)
- Institution size category [\(info\)](#)
- Current year GRS cohort as a percent of entering class [\(info\)](#)
- Full-time retention rate [\(info\)](#)
- Part-time retention rate [\(info\)](#)
- Adult age (25-64) enrollment, all students [\(info\)](#)
- Adult age (25-64) enrollment, undergraduate [\(info\)](#)
- Adult age (25-64) enrollment, graduate [\(info\)](#)
- Adult age (25-64) enrollment, first-professional [\(info\)](#)
- Adult age (25-64) enrollment, full-time students [\(info\)](#)
- Adult age (25-64) enrollment, full-time undergraduate [\(info\)](#)
- Adult age (25-64) enrollment, full-time graduate [\(info\)](#)
- Adult age (25-64) enrollment, full-time first-professional [\(info\)](#)
- Adult age (25-64) enrollment, part-time students [\(info\)](#)

- Adult age (25-64) enrollment, part-time undergraduate ([info](#))
- Adult age (25-64) enrollment, part-time graduate ([info](#))
- Adult age (25-64) enrollment, part-time first-professional ([info](#))
