My name is Kaena Asing. The Thirty Meter Telescope that you want to build on our MAUNA KEA is illegal and unnecessary for the following reason:

1. We (The Kingdom of Hawai‘i) are occupied illegally by the USA.
2. Mauna Kea is a place of religion for us Hawaiian people. Not only a religious temple but also the main aquifer for the island of Hawai‘i.
3. There are multiple telescopes and buildings already on Mauna Kea that are not working or just outdated technology. I suggest upgrading the existing telescopes so no further DESECRATION gets done on our Temple.

I could go on for days about reasons not to build the telescope. So I humbly ask for the sake of our future generations and for the well being of the human race. STOP TRYING TO RUN FROM YOUR PROBLEMS ON EARTH AND SPEND THAT 1.4 BILLION DOLLARS FIXING OUR EARTH
