The beauty of our ‘āina is not for your taking. As a Native Hawaiian, I feel insulted by the actions or let me say, no action from our Mayor and Governor to protect Mauna A Wākea and stop TMT. Many people were arrested for protecting our own land. We, Native Hawaiians and people of Hawai‘i are fighting for the beauty of Hawai‘i, our precious ‘āina that we love and appreciate so dearly. If we don't stand up for what is pono, what is right, what will they take next, Waipiʻo, Waimanu, Kalaupapa, Na Pali? We can't afford to let our Mauna be hurt no more. She is LIFE on our Island and without her, we will have no life the water will stop, the wildlife will die then the people will follow. I'd like to mention that the Board of Land and Natural Resources did not meet eight criteria under the National Register criteria for Conservation District. That is a State and Federal requirement. Who are the criminals? I repeat who are the criminals now? No money in the World could make me think otherwise nor change my mind because it is in my body, my soul, my Koko "Blood". I Ask You With ALOHA, Please Stop The desecration of Mauna a Wākea.
