Comment
Hawaiians and non Hawaiians who live on this aina must become aware that our first priority is to protect our sacred spaces and natural resources. This Mauna is the piko for all, not just for Hawaiians. There are many who
are not of Hawaiian koko and who live here and are connected to the land and community also support stopping TMT. Please understand the difference between supporting science, which I do, and considering the protection of what we have here even more important. This is impacting everyone's spirit. Please e ola pono... act upon what is right for this land and people.
