We as Hawaiians deserve to have our religious rights honored by the American Government. Mauna a Wākea is a culturally sacred place that has already been desecrated by previous construction of telescopes. Many of
them are no longer in any form of function, and was promised to be removed when they became obsolete. Just like TMT will become obsolete in a matter of 5+ years or so. The Hawaiian people are saying no, we have been saying no since the annexation of Hawaii, and it is time for our voices to be heard and honored. Kū Kia’i Mauna a Wākea
