We are pleased to forward the 2002 - 2003 edition of the Fact Book of University of Hawaii Community Colleges (UHCC). This year’s report continues to reflect the great diversity in the Community College student population and the wide range of career, associate of arts and sciences, and technical programs and curricula at all of the campuses.

Our Fact Book provides a snapshot of student, faculty, degree, and enrollment data for the UHCC System and the seven individual campuses. The report is designed to provide the reader quick and easy access to relevant facts and current information.

Questions and comments should be addressed to the community colleges academic affairs office.
