

Achieving the Dream (AtD)

UHCC Data Team Meeting Dole Street/Polycom October 15, 2007 Proceedings

Attending:

Cheryl Chappell-Long, Chair, (OVPC)	Charlotte Watanabe (LEE)
Shawn Flood (HAW)	Kathy Hill (LEE)
Marv Kitchen (HAW)	Debbie Winkler (MAU)
Steven Shigemoto (HON)	Jeannie Pezzoli (MAU)
Jeffery Arbuckle (KAP)	Jeff Hunt (WIN)
Kristine Korey-Smith (KAP)	Nalani Quinn (WIN)
Wilson Lau (KAP)	Bill Piland (AtD Data Coach)
Guy Nishimoto (KAP)	Bernadine Chuck Fong (AtD Coach)
Louise Pagotto (KAP)	Kamuela Chun (OVPC)
Kimo Chun (KAU)	Sam Prather (OVPC)
Earl Nishiguchi (KAU)	Gary Shibuya (OVPC)

Introductions

Bernadine Chuck Fong, UH Community Colleges Core Team Coach introduced via polycom from Kaua'i. Bill Piland, UHCC Data Team Coach on O'ahu.

New Business

- ❑ Bill Piland made his presentation [Bill Piland Presentation](#) orientation and direction for the Data Team for the next year emphasizing AtD moving colleges to data-driven-decision-making and away from antidotal. He reminded the Data Team of their [charge](#) and the [Goals and Key Questions](#). Bernadine Fong stated that the Data Team is key to getting the initiative off the ground. The Data Team must complete data analysis in order for the Core Team to identify systemwide priorities before the 2008 Strategy Institute in Atlanta. Each college will have a College Core Team. Data Team members should also be part of their College Core Team. Core Team members are listed on the web at: [UHCC AtD Core Team Members](#)

- ❑ Following Bill's presentation, team members expressed concerns with the amount of time required to generate the AtD data balanced against other time demands in their offices. Bernadine Fong indicated that she would review the UHCC application for data challenges and would talk with VP Morton and AVP Rota on their understanding of the data requirements. She suggested that the AtD data elements become the standard elements used by the colleges for program review. It was noted that the instructional program review elements are within UHCC policy and aligned to BOR policy. Earl Nishiguchi noted that the Deans/Vice Chancellors Student Services are reviewing their program review data and are considering using some of the AtD in their common template.

- ❑ Bernadine Fong asked the Data Team what they would like her to take away from the meeting and communicate to the VP/AVP – frustration and lack of communication/agreement among the campus leadership as to the priorities for the IR staff.

Next Meeting

- ❑ To be announced
