    - The Instructional Program Review Council (I-PRC) made some changes to the instructional programs procedures, accordingly the UHCC website in not current.
    - Liberal Arts – I-PRC will discuss/update the scoring rubric and demand benchmarks and review comprehensive/annual elements.
  - Academic Support – Colleges will review and submit. Scoring rubric to be addressed by the I-PRC.

- Distance Education Class identifiers – what’s reported is based on coding in DE_Indicator_IRO – KAP “hybrid” classes not appearing in numbers presented to the BOR. Cheryl Chappell-Long noted that the ACCJC wants to know how Distance Ed students are doing.

- STEM Changes – UH System is using the National Association of System Heads (NASH) definitions which will change what we have used before.

CCSSE 2010 – This is a survey year and the UH System will be publishing Measuring Our Progress (MOP). CCSSE and Graduate and Leaver data are included in the MOP publication.

Continuing Business

Updates
- DOI/ADOI Update - Kathy Hill reported that the DOI/ADOI concluded that determining cost per SSH across the system cannot be done and that each college was on its own.  Cheryl Chappell-Long noted that the VPCC wants to be able to compare.
- Dean of Student Services Update – Earl Nishiguchi reported that the last DOSS meeting made some minor changes to the program review template.  They are working with STAR staff to be able to run tailored reports in STAR.
- Registrars Update - Geri Imai reminded that the UH system has begun using the new (1997) Federal Ethnic classification codes.  UH will still capture expanded UH codes.
