Report to the Board of Regents Committee on Independent Audit Consolidated Financial Statement Audit Year Ended June 30, 2015

To the Board of Regents Committee On Independent Audit
University of Hawai'i

We are pleased to present you with our results of our consolidated financial statement audit of the University of Hawai'i as of and for the year ended June 30, 2015. Statement on Auditing Standards Section 260 – *The Auditor's Communication with Those Charged with Governance*, requires certain communications to be made verbally or in writing to those members of an organization's governing board with oversight responsibility over the consolidated financial statement audit.

The ultimate goal of our engagement was to ensure that the audit procedures contemplated and performed were sufficient to render an opinion that the June 30, 2015 consolidated financial statements were free of material misstatement. We determined our audit scope by performing a risk assessment which, coupled with an evaluation of materiality, allowed us to determine the required level of audit effort.

We are pleased to inform you that we are prepared to issue an unmodified ("Clean") opinion on the consolidated financial statements. Furthermore, we are not aware of any matters that require further communication or action by management or the Board of Regents other than those discussed in the following pages.

We would like to thank the management and staff of the University for the cooperation and assistance provided to us during our audit.
