

## Affirming/Updating the UH System Strategic Plan

Strategic Plan Goals/Objectives		Action			
		Keep	Dump	Revise	Suggested Measure
<b>Goal 2</b>	<b>A Learning, Research, and Service Network</b>			Split goals: strengthening research efforts and educational delivery/efficiency Split research and learning as two separate goals.	
Objective 1	To excel in basic & applied research for the discovery & dissemination of new knowledge.	√√		Research goal	
Action 1	Assume leadership in knowledge creation by building on existing research strengths, addressing critical gaps, and capitalizing on Hawai'i's natural advantages.	√√		Need to define: "research strengths," "critical gap" Research goal	How to determine strengths?
Action 2	Promote research through collaboration across disciplines, campuses, and internationally.	√√		Research goal	
Action 3	Provide administrative leadership & support to facilitate research & training across system.	√√		Research goal	
Action 4	Strengthen library resources & enhance the system-wide digital library service.	√√		Research goal	Funding needs vs. allocations appropriated to Hamilton
Objective 2	To support Hawai'i's economy, workforce development, & improved access & flow of education in Hawai'i from preschool through a lifetime of learning.	√		Revise—more learning goal	
Action 1	Foster and maintain a working partnership that focuses on public education (P–20), teacher education, Hawaiian language and culture education, student preparation, and lifelong learning, beginning with a State DOE/UH summit.	√			
Action 2	Expand UH research enterprise, including appropriate commercialization, provide more technology employment, and facilitate technology education.	√√		Research goal	Technology transfer
Action 3	Expand training & workforce development programs in coordination with state & industry.	√		Learning goal	
Action 4	Emphasize liberal arts education as the foundation for an educated & competent workforce.	√√		Learning goal	
Action 5	Recognize & support the application of UH research in service to Hawai'i, nation, and world.	√		Research goal	
Action 6	Involve faculty in developing efficient articulation process across all campuses & maximize enrollment & transfer opportunities for students.	√√		Learning goal	
Action 7	Maintain affordable access to UH for Hawai'i residents & work with public policy leaders toward state financial assistance & enrollment incentives in high demand community needs.	√		Learning goal	
Action 8	Cooperate, as appropriate, with other higher education institutions in Hawai'i.	√		Learning goal	
Action 9	Develop standards & criteria for awarding credit for learning outside of formal schooling.	√√		Learning goal	Provide competency exams/ monitor # Placement history? Service learning? Life experience – give credit for
Objective 3	To provide access for students, faculty, & staff to a first-class information technology infrastructure, support, & services that enhances UH services in UH, the state, & beyond.	√√		I don't know what "first class IT" (means) Learning goal	

## Affirming/Updating the UH System Strategic Plan

Strategic Plan Goals/Objectives		Action			
		Keep	Dump	Revise	Suggested Measure
Action 1	Maintain & continually fund basic technology infrastructure, training, and support to improve the efficiency/effectiveness of the entire University community.	√√		Need to define “efficient/effective” before this action becomes measurable <i>Learning goal</i>	
Action 2	Mainstream institutional response to distance learning and ensure that professional development & support are integrated to benefit on campus as well as distance learning.	√√		The terminology presents an obstacle to defining measurement What is meant by “mainstreaming” <i>Learning goal</i>	<i>Essential</i>
Action 3	Facilitate high quality distance learning through system-wide council with leaders from instruction & support; use grass-roots task forces to leverage expertise/experience.	√√		The terminology presents an obstacle to defining measurement <i>Learning goal</i>	
Action 4	Develop UH’s entire faculty & staff to create a pervasive, technology-rich instructional environment that serves on-campus and off-campus learners.	√√		The terminology presents an obstacle to defining measurement <i>Learning goal</i>
